

Casing End Seal Type KAST Wave Step Type

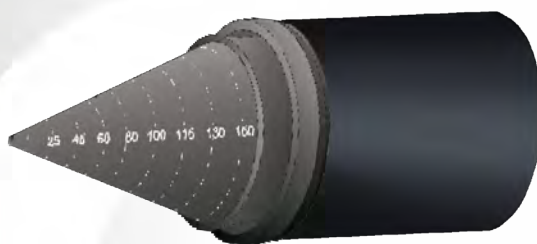

- EPDM and NBR rubber, with integrated dimension marking from OD 25 to OD 160 mm for cutting-off to the desired diameter on site
- only three types of KAST Pipe End Seals cover the dimension range from OD 25 to OD 160 mm
- range of dimensions:

	Outer Diameter / mm
- Type KAST 20 - 90 EPDM	20, 32, 40, 50, 75, 90
- Type KAST 25 - 110 EPDM	25, 32, 40, 50, 63, 75, 90, 110
- Type KAST 63 - 160 EPDM	63, 75, 90, 110, 125, 140, 160
- Type KAST 25 - 125 NBR	25, 32, 40, 50, 63, 75, 90, 110, 125

- high flexibility and low stock holding due to the wide range of dimensional steps
- supplied with two stainless steel bands and fasteners

Casing End Seal Type KTPS Wave Step Type

- EPDM with integrated dimension marking from OD 110 to OD 610 mm for cutting off the desired diameter on site
- only 5 types of KTPS End Seals cover the dimension range from OD 110 to OD 610 mm
- high flexibility and low stock holding due to the wide range of dimensional steps
- supplied with two stainless steel bands and fasteners

Range of dimensions

DN	OD / mm
100/125-0	110/135-0
150/200-0	165/215-0
250/300-50	270/320-60
350/400-80	350/402-90
500/600-150	508/610-110
710/810-273	700/800-250
